

2021-2022

Dear Parent/Guardian,

This letter is to inform you that students in your child's school have a food allergy to nuts. In an effort to provide the safest environment to all our students, Windsor Bergen Academy is a nut-free school. It is important that there is strict avoidance to this food in order to prevent life-threatening allergic reactions.

To reduce the chance of life-threatening emergencies, we are asking that you do not send any nut containing products to school with your child. If your child has eaten nuts before coming to school, please be sure your child's hands and face have been thoroughly washed before entering the school building.

Please complete and return this form so we are certain you have received this information. Please feel free to contact me if you have any questions.

Principal
Justin M. Siesta

I have read and understand the nut free school procedures.
